Team JIC:

Below is a link to use for the meeting. Not sure how your team has ran zoom meetings. We have elected to mute all participants as they enter. The host has the opportunity to unmute participants as needed, such as the applicants. If you decide to take questions or comments you will need a way to know who to unmute. You could use the chat function and read questions or have them raise their hand (icon). The alternative (not recommended) you can have all unmuted and ask them to mute their own screens.

Please plan to have someone present to act as the host and mute/unmute and do the tech part of the meeting. We will have staff available to show how to do it but will not stay throughout.

I believe we have a walk through scheduled for tomorrow. Any questions you have please let us know.

Jeremy, I cannot thank you and VOT enough for accommodating us on Thursday.

Can you, or someone on your staff, please send me the Zoom and call in info for the meeting? I'd like to get the public notice out today.

Thanks in advance for your help!

Chip
