Subject: Re: Ref: Letter

Alex Freeman did an excellent job when he worked at the Riviera Beach police department as Major and worked very hard with his dedication to Serving the citizens of Riviera Beach and Singer Island

He reached out to the community in ways that other Major Chief of Police have never done to make our city a much safer place dealing with organizations to better them in many ways

He also worked closely with Julie Botel our council member and she has always had high praises for him

We truly miss his presence here and pray that others respect his authority and humanity In his next position

Thank you for listeni
