Dear Chip and Dick,
Now that the selection committee has been formed, we are writing to reiterate our support for Capt. Jim Matthews to be our next Chief of Police.
We again emphasize how kind, courteous, and helpful he has always been. He knows our residents well, and they know him.
We are confident he has the confidence, knowledge, and ability to head our police department.
Please convey our comments to all committee members and consultants.
Lastly, we commend you on the selection process you have established.
Max and Dorothy Cloud
