**Subject:** Feedback on Captain Jim Matthews

Dear Search Committee,

Cece and I feel so fortunate to reside in Jupiter Inlet Colony. It's simply a magical place to live.

One of its many redeeming qualities of JIC is the true professionalism and friendliness of the law enforcement team. It does a superb job and no doubt is a value add to our Town. We know that leadership of the police force is undergoing change. Neither one of us are qualified to speak on the details of this process or the background of candidates. We are simply writing to express how we have enjoyed and admired Captain Jim Matthews ever since we purchased our home in early 2015. We have come to know Jim as a model policeman.

We have great trust in you as the Search Committee and will support your ultimate decision.

Kind regards,  
Mike & Cece Davis  
65 Colony Road
