Good Morning Chip,

The letter below is what I sent to the attorney that explained the Charter. My thoughts are transparent .

After listening to attorney mentioned below I think two more commissioners may be a good idea. Some of the positions may require expertise assistance. The building and zoning and the police commissioner are some,

The town is growing in many ways.

The Commissioners would have the control of the town with staff.

The Mayors role would be whatever the commissioners decide. Dan is brilliant and personally I do not know how he did it for so long. . When he retires he will be the last Mayor of JIC. The date of his retirement is up to the commissioners .

The Town Manager would run the town. We might as well use the Human Resource person to start that search.

Thank You For Your attention and God Bless.

Carmen Grainger

I have a question ? Can we use a referendum to change the job descriptions? Can we have One Mayor, one Town Manager ,7 commissioners each commissioner has an assigned job or jobs. For example a commissioner for building , commissioner of police, commissioner or roads and sewer , a commissioner that oversees elections , commissioner of town code application , commissioner of volunteers and volunteer programs and media . and a environmental impact commissioner . Our community is changing and growing. Let's make this a positive.

Sincerely

Carmen Grainger.
