Subject: Monday's Commission Meeting - Vehicle Use and Chief of Police Salary

Hi Dick:

I would like to commend you on bringing up the use of town vehicles for personal commuting at Monday's commission meeting. I was impressed with your commitment to bringing the situation to light and your firm position to enforce the previously agreed unanimous decision to not allow personal use of the vehicles. Thanks for accurately representing the residents.

Also, I am curious - did Kevin Lucas, the Town Administrator deliver on his commitment to provide the side-by-side salary comparisons for the "current" Chief of Police and the salary as advertised in the open position? I agree that is an important data point. Please let me know.

Thanks,
