October is Cybersecurity Awareness Month - Tips about Phishing Emails

News Release Date
10-02-2023

CYBERSECURITY AWARENESS MONTH

October is Cybersecurity Awareness Month and we encourage you to take precautions when using your devices. This week is about Phishing Emails. These are emails that look like they are from a company typically saying your account is locked and they need you to log in. Check out these tips on how to spot these types of emails.
