

Contractor Parking

Notice to all Residents

Please ask contractors and visitors to your residence to park in your driveway if at all possible. It is a violation of Town Ordinance to park in the street or right-of-way unless the vehicle's operator is actively servicing your property. If you are having a gathering at your residence, please contact the police department, in advance, and obtain a temporary parking permit for vehicles to park in the street, not blocking driveways, mailboxes, fire hydrants, etc.
